## PART I—Section 1

**Notifications relating to Non-Statutory Rules, Regulations and Orders and Resolutions Issued by the Ministries of the Government of India (other than the Ministry of Defence) and by the Supreme Court**

**OFFICE OF THE SECRETARY TO THE PRESIDENT**

New Delhi, the 5th September 1952

**No. 57-Press./52.**—The President has been pleased to award the Police Medal for gallantry to the under-mentioned officer of the Punjab Police:—

*Name of the officer and rank.*—Sub-Inspector Om Parkash Midha, No. J/205, of the Punjab Police.

*Statement of services for which the decoration has been awarded.*—During 1950, Sub-Inspector Om Parkash Midha was posted as Station House Officer Abohar, District Ferozepore. One Kartar Singh son of Bahal Singh of Bandi, Police Station Saddar Bhatinda, a convicted murderer was serving a life sentence in Patiala Jail when he escaped from there. He soon joined up with the outlaw Dal Singh, who had by his barbarous depredations struck terror in PEPSU, Hissar and Ferozepore Districts. Dal Singh was killed in a gun battle with the police in village Sitto-Gunno, Police Station Abohar, in February 1950, but Kartar was still at large committing heinous crimes and evading arrest. Being afraid of his brutal violence, no one from the countryside dared come forward to inform the Police about his haunts and hide-outs. It was Sub-Inspector Om Parkash Midha who by his resourcefulness developed sources of information. On 30th August 1950, at 9 P.M. he received information through his informer that Kartar was scheduled to visit Ghubhya in P. S. Jalalabad next morning. This information was promptly conveyed to Shri Hukum Singh Deputy Superintendent of Police, Fazilka, who along with a posse of police at once rushed up at 5 A.M. to the place which the outlaw was to pass. After reconnaissance of the layout, and taking necessary precautions, the police force was deployed on three flanks while the striking force took up position in a deserted house by the road side. At 6 A.M. the desperado was seen coming along the road carrying a rifle. On being challenged by the Deputy Superintendent of Police the outlaw got on one side of the road and attempted to slip away but the police party challenged him to stop and surrender. On this, the desperado opened fire at the police party which at once took lying position and returned the fire but the desperado had by then taken position in a natural pit. The police party pressed the attack to dislodge the dacoit from the stronghold and eventually compelled him to retreat. Then the desperado moved towards the canal at the distance of about 65 yards from his original place for securing another advantageous position as the bank of the canal would shield him from any fire and once reaching there he had a reasonable chance holding the police party at bay for a considerable time. Foreseeing this risk, Sub-Inspector Om Parkash took upon himself the responsibility of preventing this and under cover of fire by the rest of the police party undauntedly crawled ahead towards the pit accompanied by Foot Constable Baboo Ram in a zigzag manner on the rugged landscape and covered a distance of about 50 yards. This was a most risky enterprise especially with the dacoit desperately at bay. In the meantime the outlaw had reached close to the canal bank and fearing lest he should take position in the canal, Sub-Inspector Om Parkash and Foot Constable Baboo Ram who had by then reached the pit vacated by the desperado, opened fire and the dacoit was knocked down. Then the police party made a charge for the position of the dacoit, Sub-Inspector Om Parkash leading. On reaching the canal bank outlaw was found mortally wounded. Rifle No. 112859 U. S. Make and a haversack containing 37 live cartridges were taken into possession from near his body.

Throughout this dangerous encounter, Sub-Inspector Om Parkash displayed rare resourcefulness, presence of mind, initiative, devotion to duty and gallantry of a very high order.

2. This award is made under rule 4(i) of the rules, governing the award of the Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police as provided in rule 5.

**No. 58-Pres./52.**—The President has been pleased to award the Police Medal for gallantry to the under-mentioned officer of the Assam Police:—

*Name of the officer and rank.*—Jallaluddin Ahmed, Constable No. 85, Assam.

*Statement of services for which the decoration has been awarded.*—Constable Jallaluddin Ahmed and Sub-Inspector Amode Chandra Bormedhi, Officer Commanding Boroma Police Station were on patrol duty in the Odia Forest Reserve area on 15th May 1951 during the Anti-terrorist Operations in the North Bank of Kamrup. While they were patrolling, one Promode Ramsiyari, who was an active R.C.P.I. worker of Barama P. S. Elaka, aimed his gun and fired from a distance of about 150 yards. But fortunately the life of the Constable was saved as the gun of Promode Ramsiyari used was of short barrel and consequently of short range. The Constable accompanied the Officer Commanding and the latter levelling his gun at Promode Ramsiyari advanced towards him. The Constable at the risk of his life caught hold of him while he was covered by Sub-Inspector Barmedhi with the gun.

Constable Jallaluddin Ahmed in arresting the desperate terrorist displayed courage, gallantry and devotion to duty.

2. This award is made for gallantry under rule 4(i) of the Rules governing the award of the Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police as provided in Rule No. 5.

SHAVAK A. LAL,  
Secretary to the President.

**RESOLUTION****TARIFFS**

New Delhi, the 13th September 1952

**No. 36(3)-T.B./52.**—The Tariff Commission has conducted an enquiry into the claim for protection and assistance to the Woollen Hosiery Industry and submitted its Report. Its recommendations are as follows:—

- (1) The woollen hosiery industry does not need protection against foreign competition.
- (2) The import duty on woollen hosiery yarn should not be reduced for the present. The question may be reconsidered when world prices of wool and woollen yarn attain some measure of stability and the spinning mills which have been recently set up have had sufficient time to consolidate their position.
- (3) A careful watch should be maintained over the prices of woollen hosiery yarn and if there is evidence of any undue rise in the prices of

such yarn which is likely to have serious repercussions on the production and employment in the woollen industry, the question of reducing the import duty on such yarn should be taken up for urgent consideration.

- (4) Knitting needles are not made in India. Early steps should be taken to encourage their manufacture in the country.
- (5) The Ludhiana industry has at present no facilities for 'woolindras' treatment. The 'woolindras' plants in some of the woollen mills, however, have spare capacity which can be utilised for processing the hosiery articles manufactured by the Ludhiana industry. Government should assist the industry to come to suitable arrangement with the mills concerned for this purpose.
- (6) When standard specifications are formulated, adequate steps should be taken to secure their adoption by the hosiery units, many of whom are small and probably unaccustomed to standardised methods of production.
- (7) As a cottage industry which has demonstrated its ability to face competition with the large-scale industry, the hosiery industry deserves all possible encouragement. The mills should co-operate with Government in promoting the development of this industry.
- (8) Government orders for hosiery goods should be placed with knitters to the maximum extent possible and all possible assistance should be given to knitters in overcoming their difficulties in conforming to Government specifications.
- (9) In negotiating any trade agreements with the neighbouring countries, the desirability of securing facilities for the export of Indian hosiery goods to those countries should be kept in view.
- (10) The State Governments concerned should give all possible assistance to this important cottage industry in modernising its equipment and adopting improved processes of manufacture.
- (11) The Punjab Government should make special efforts to encourage the growth of co-operative societies among the knitters at Ludhiana.
- (12) Those spinning mills which do not have proper arrangements for the selection and testing of their raw materials should institute such arrangements as early as possible.
- (13) The spinning industry should explore the possibility of setting up a Central Conditioning House for testing samples of wool tops and yarn.
- (14) The Federation of Woollen Manufacturers should take suitable steps to ensure that prices of woollen hosiery yarn produced by its member mills are maintained at a reasonable level.

2. Government accept all the recommendations and will take steps to implement them as far as possible.

3. The attention of the Industry is invited to recommendations Nos. (7) and (12) to (14).

K. N. KAUL, Joint Secy.
